THE Impact Rankings 2027

Higher Education Institution: University of Boumerdès

Faculty: Faculty of Law and Political Sciences – Boudouaou

Sustainable Development Goal: SDG 17 – Partnerships for the Goals

Indicator Code: 17.2.5

Indicator Title: Collaboration with NGOs for the SDGs

Reporting Period: 2024–2025

1. Report Summary

This report documents the participation of the Faculty of Law and Political Sciences – Boudouaou, University of Boumerdès, in the national campaign to plant one million trees, organized on 25 October 2025 to mark National Tree Day. The campaign was launched by the Algeria Green Association, coordinated by the relevant government authorities, and linked to efforts to protect the environment and enhance vegetation cover. It involved public institutions, environmental associations, and civil society stakeholders. This participation is presented within the framework of assessing its relevance to collaboration with non-governmental organizations to achieve the Sustainable Development Goals.

2. Activity: Participation in the National Campaign to Plant One Million Trees on the Occasion of National Tree Day

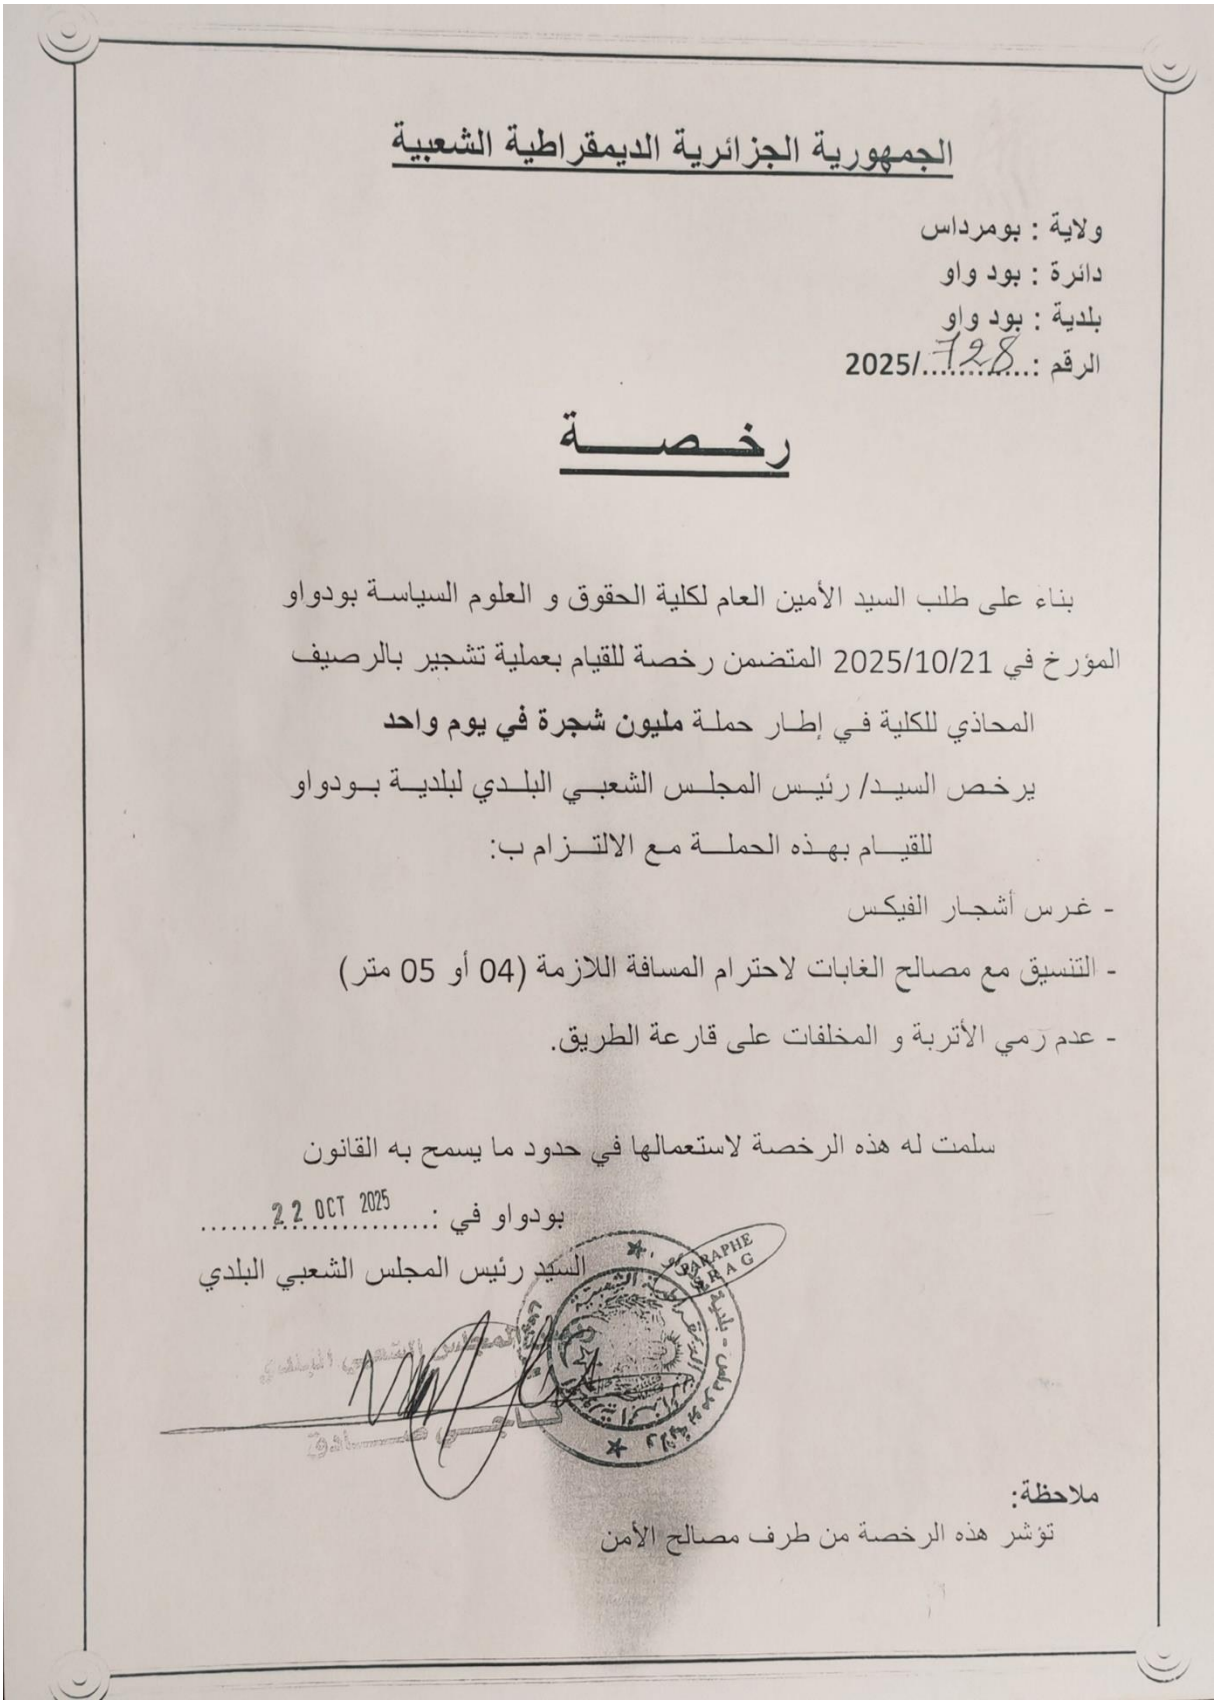

Activity Date: 25 October 2025

Activity Location: El Kerrouch Forest (El Alma), Boudouaou, Boumerdès Province, as well as the area surrounding the Faculty.

The Faculty of Law and Political Sciences – Boudouaou, University of Boumerdès, participated in the national campaign to plant one million trees across the country, organized on the occasion of National Tree Day by the Ministry of Agriculture, Rural Development and Fisheries, under the supervision of the General Directorate of Forests. El Kerrouch Forest (El Alma), located in the municipality of Boudouaou, hosted one of the tree-planting operations in Boumerdès Province, which also covered other sites across the province. The campaign involved executive directorates, public and private institutions, civil society stakeholders, and environmental associations, including the Algeria Green Association, the Algerian Muslim Scouts, the Amal Algeria Association, and the Civil Society and Youth Forum in the province, alongside other associations and social partners.

The campaign also involved students, administrative staff, and faculty members volunteering to plant saplings around the Faculty, with species selected to suit the location in accordance with the recommendations of the local authorities.
